Using iPhone, iPad, or iPod Touch with SaderApps

June 2, 2011
Enabling IMAP

You can retrieve your Gmail messages with a client or device that supports IMAP, like Microsoft Outlook or Apple Mail.

To enable IMAP in Gmail:
1. Sign in to Gmail.
2. Click Settings at the top of any Gmail page.
3. Click Forwarding and POP/IMAP.
4. Select Enable IMAP.
5. Click Save Changes.

Configuring IMAP on Apple mobile devices

To configure the 'Mail' app on an Apple device for access to Gmail, just follow these steps:
1. Open the Settings app on your device
2. Tap Mail, Contacts, Calendars
3. Tap Add Account...
4. Tap Gmail
5. Enter your account information, being sure to use your full WCU student email address
6. Tap Next
7. Tap Save
Troubleshooting & Help

The William Carey University Information Technology Department, IT, provides assistance to students through a per request ticket based help system. In order to receive support with your IT needs, you must complete and submit a form that will provide necessary information to the IT Department for troubleshooting. The following chapter will provide information on accessing the necessary form for ticket submission.

If you need support from the Information Technology Department, please follow the instructions below to get the best response possible.

First step to troubleshooting!
1. If you receive an error when attempting to setup Outlook to connect to your SaderApps account, please complete the following steps before proceeding to ask for assistance from the Information Technology Office.
   a. Login to the Indigo Portal
   b. Click Change Password
   c. Type your current WCU password in ALL three boxes
   d. Click Submit
2. Allow at least 1 hour for your password to be synchronized to Google.
3. After 1 hour, attempt to setup your account in Outlook again.
4. If is still fails, please continue with the remaining instructions in the guide for submitting a trouble ticket to the Information Technology office.

Do you need to submit an online support ticket?
1. Navigate to https://indigo.wmcarey.edu/help in your web browser.
2. Fully complete the form provided.
3. Click Submit.

Want to change your WCU account password?
You will no longer be able to change your password from within D2L. All WCU passwords must be changed during the account setup process or from within the Indigo Portal. Follow the instructions below to change your WCU account password at any time.
1. Login to the Indigo Portal
2. Click on Change Password.
3. Click Submit.

Did you forget your WCU account password?
If you have forgotten your password, please go to https://indigo.wmcarey.edu/student and click on the Forgot your Password? link to attempt to reset your password. When you reset your password it will affect access to all of your WCU IT resources.
