

our help. Our primary goal is to take care of your concerns and make your time here at Carey is an experience that will lead you to success throughout your career.

In order to make your stay at Carey a more positive experience, we offer many activities that allow our University to grow as a community. While excelling in academics should be everyone's primary goal, we believe William Carey University can offer much more than just the education you find in the classrooms. Events such as the crawfish boil and Carey Fest are always free to the students, and they offer a small break from the hectic life of studying and writing papers. Carey offers a wide variety of Student Organizations that each play a big role on campus. Organizations such as the Baptist Student Union, Greek life, and other Student Organizations offer ways for students to enrich their lives and grow, both in faith and as individuals. The SGA is here to ensure that each student has the same opportunity to the greatest experience available. While each student is already a member of the Student Government Association, elected members play a larger role in making sure the needs of the student body are met. We encourage all incoming freshman and transfer students to run for a position on the SGA in the Fall Trimester. We also encourage current students to run for office during our elections at the end of the Winter Trimester.

I would like to wish all of you good luck on your future endeavors, and encourage everyone to choose William Carey University as your place to learn and grow. Your Student Government Association will always be here to help you with any issues you may have. Our SGA members are always looking for ways to help our students, so feel free to ask them for help. As your President, I am available in my office which is located in room 104 of the Student Center, or by email: sga@wmcarey.edu. Please feel free to contact me at any time. Here at Carey, we believe that everyone's voice should be heard.

Respectfully yours,

Student Government Association President
